PERSONAL STATEMENT

I am a developer that is an essential part to any team. I bring expertise to all aspects of the project, from the code to the business side. It's the challenge that keeps me going. Always adapting to the current goal that is presented in front of me. The best part about completing a project is knowing that you can always improve upon the next one, and in this industry, staying in front is key.

TECHNICAL SKILLS

HTML 5 // CSS 3 // jQuery // PHP // SQL // Objective-C // iOS // C# // ASP.NET // SQL // Responsive Dev // Xcode // Linux // Adobe Flash // Actionscript 3.0 // Vim // Subversion // WordPress // Drupal // Joomla! // DotNetNuke //

WORK HISTORY

Sr. WEB DEVELOPER
FXCM // Nov 2013 - Present
Work with a team of talented developers to maintain and create new functionality for FXCM's corporate and sister websites. I also maintain and manage several WordPress sites by FXCM as well as doing weekly trainings with our junior developers.

DEVELOPER
RD2, Inc. // May 2011 - Present
RD2, Inc is a fast-paced environment that delivers innovative website and mobile application solutions. Projects are diverse, requiring adept knowledge of WordPress, DotNetNuke, Drupal, iOS, Xcode, PHP, JavaScript, and MySQL database management.

DESIGNER & DEVELOPER
Ignite It Group // Oct 2009 - May 2011
Designed and developed marketing strategies such as logos, websites, flyers, e-learning modules, and more for small to large clients.

DEVELOPER INTERN
Credit Solutions // Sept 2008 - Dec 2008
Designed and built functionality for their corporate and internal website, while also streamlining the process for filtering their settlement agreements.
